SUBJECT INDEX TO VOLUME XXVII

ABDOMINAL cavity, Loose bodies in the, 474
Abduction treatment of fractures of the neck of the femur; a comparative analysis from the standpoint of technical efficiency, 578
Aberrant thyroid tumor of the tongue, 191
Abscess, Subdiaphragmatic or phrenic, 468, tr. 540
Accidents, Reporting of, from local anæsthetics, cor. 230
Anæmia, A clinical study of puerperal, 596
Anastomosis, The utility of end-to-end, between small and large intestine, 249; ureterovesical, Technique of, 339
Anæsthesia, local, cæsarean section, 95
Anæsthetics, Reporting of accidents from local, cor. 230
Ankylosis of the jaw, 451
Apparatus, A new transfusion, 628
Army, cystoscopic table, 447
Arthrodesis, Bonegraft and, in reconstruction surgery, 331
Artificial vagina, utilizing a single portion of the ileum, 227; Baldwin operation for, cor. 631
Ascariasis, The rôle of, in gall-bladder disease, 459

BACKACHE, Commoner lesions producing, 602, tr. 632
Baldwin operation, for artificial vagina, cor. 631
Bile-ducts, Reconstruction and repair of the hepatic and common; implantation of hepatic duct into the duodenum, 387
Bile-tract, The present status of surgery of the, 49, tr. 100
Biopathological standardization, Need and value of, 523
Blandin-Nuhn gland, Congenital ranula of the tongue developed in the left, 45
Blood transfusion simplified by the use of citrate ointment, the biologic test for blood incompatibility, 88
Blood-vessel injuries, Suture of, from projectiles of war, a preliminary report, 528
Bodies, Loose, in the abdominal cavity. 474
Bones, Surgery of the soft parts, and joints at a Front Hospital, 289; The transplantation of, in the repair of cranial defects, 311
Bone-graft and arthrodesis in reconstruction surgery, 331
Bone plate, End-result with a, on a fractured femur, 86
Brachial plexus, Paralysis of the upper extremity due to compression of the, by scar tissue, 629
Brown's improved Hodgen splint, cor. 99
Bruit, Unusual propagation of a vascular, 222
Bunion, its causes and cure, 343

CÆSAREAN section, Thirty cases of, 495; local anæsthesia, 95; extraperitoneal, in certain infected cases with the Carrel after-treatment, 209
Calculus, ureteral, the etiology of, 252; the diagnosis of, 461, tr. 542
Camphor paraffin, Formaldehyde-phenol in, a new wound antiseptic, 81
Cancer of the rectum, 410
Carcinoma, Coincident, of the cervix, and pregnancy, tr. 232; of the umbilicus, report of two cases, 204; of the pregnant uterus, Two-stage operation for, under paravertebral anæsthesia, 75
Carotid artery, Cylindrical dilatation of the common, following partial occlusion of the innominate and ligation of the subclavian, 547
Carpus, A remarkable result in osteomyelitis of, 605
Carrel after-treatment, Extraperitoneal cæsarean section in certain infected cases with the, 209
Cerebral hernia; a method for its surgical treatment, 87
Cervical spine, Old injuries of the, 241
Cervix, Coincident carcinoma of, and pregnancy, tr. 232
Chlorine, Preparation of Dakin's solution from liquid, by the gravimetric method, 386
Citrate ointment, Blood transfusion simplified by the use of, the biologic test for blood incompatibility, 88
Civil hospital, conditions, The application of the teachings of war surgery, to, 377
Cleft-palate operation, A new method for the relief of lateral tension in, 532
Compound fractures, Temporary internal fixation of, 440
Compression, Paralysis of the upper extremity due to, of the brachial plexus by scar tissue, 629
Congenital, hernia of the diaphragm, 393; polycystic kidney, with a report of four cases occurring in children of the same mother, 423
Cranial, decompression for head injuries, accompanied by signs of increased intracranial pressure, 345; defects, The transplantation of bone in the repair of, 311
Crises, gastric, Experiences with Foerster's operation for, and spastic paralysis, 129
Cure, The radical, of hæmorrhoids, 224
Cystitis, Membranous, tr. 104
Cystoscope, A consideration of ureteral stones, their removal by aid of the operating, report of cases, 538
Cystoscopic table, An army, 447
Cysts and pseudocysts of the pancreas, with report of cases, 40

DAKIN'S solution, Preparation of, from liquid chlorine, by the gravimetric method, 386
Decompression, Cranial, for head injuries accompanied by signs of increased intracranial pressure, 345
Development, of the epiphysis, A study of the, 480, tr. 542
Diagnosis, The, of ureteral calculi, 461, tr. 542
Diaphragm, Congenital hernia of the, 393
Dilatation, Cylindrical, of the common carotid artery, following partial occlusion of the innominate and ligation of the subclavian, 547
Disarticulation of the pelvic girdle, Osteomyelitis of the femur, tr. 100
Dislocation, of the hip, Fracture of the upper third of the femur with a, tr. 632; of the spleen, report of a case of, into the pelvis and its firm fixation on to the uterus, 73
Diverticula, Œsophageal, 135
Doniphan, Camp. A study of empyema cases at, 554
Double kidney, The surgery of the; resection of upper segment for calculous pyonephrosis, report of a case of, 1
Drip apparatus, An improved Murphy, 229
Duodenum, Reconstruction and repair of the hepatic and common bile-ducts, implantation of the hepatic duct into the, 387

ECTOPIC pregnancy, Extremely young, tr. 544
Electric light, The practical value of, in the treatment of infections, 328, tr. 350
Empyema, cases at Camp Doniphan, A study of, 554; Gonorrhœal, 601
End-to-end anastomosis, The utility of, between small and large intestine, 249
Epiphysis, A study of the development of the, 480, tr. 542
Epithelioma, 141
Etiology, The, of ureteral calculus, 252
Exfoliative vaginitis, 151
External, fixation, Method of, for fractured femur, 443
Extraperitoneal cæsarean section in certain infected cases with the Carrel after-treatment, 209
Extra-uterine pregnancy, following resection of the tube and insertion of catgut to keep it open, 563; Notes of a case of, 565
Extravesically, Supernumerary and single ureters opening, 13

FEMALE remedies, The action of, on intact uteri of animals, 97
Femoral hernia, A new operation for the cure, 348; A safeguard in inguinal route operations for, 530
Femur, End-result with a bone plate on a, 86; Method of external fixation for fractured, 443; The abduction treatment of fracture of the neck of the, a comparative analysis from the standpoint of technical efficiency, 578; Fracture of the upper third of the, with a dislocation of the hip, tr. 632; Osteomyelitis of the, disarticulation of the pelvic girdle, tr. 100
Fibroid tumors, Two hundred ten, treated by radium, 402
Fibrosarcoma of the mesentery, 154
Foerster's operation, Experience with, for gastric crises and spastic paralysis, 129
Foreign body localization, A practical method of, 413; The trocar-harpoon method of, with a new holder, 624
Formaldehyde-phenol in camphor paraffin; a new wound antiseptic, 81
Fracture, of the femur, Method of external fixation for, 443; of the neck of the femur, The abduction treatment of, 578; of the upper third of the femur with a dislocation of the hip, tr. 632; of the lower extremity of the humerus, A study of, 58; of the lower end of the radius, 586; compound, Temporary internal fixation of, 440

GALACTOGOGUE, Placental tissue as a, 535
Gall-bladder Disease, The rôle of ascariasis in, 459
Gastric ulcer, Curious case caused by shell fragment, 220
Globocellular sarcoma of the right testicle, orchidectomy under local anæsthesia (Allen's method), 47
Glomerular nephritis with severe hæmorrhage from one kidney necessitating nephrectomy, tr. 105
Goiter, Intrathoracic, 397
Gonorrhœal empyema, 601
Gravimetric method, Preparation of Dakin's solution from liquid chlorine by the, 386
Gunshot injuries, autoplastic nerve transplantation in the repair of, 530

HÆMATOGENOUS infection of the ovary, 622
Hæmorrhoids, The radical cure of, 224
Hand, Problems of the reconstruction of the, 317
Head, Improvements in reconstructive surgery of the, 369
Hernia, Essential points in the method of, operation, 85; Cerebral, a method for its surgical treatment, 87; Congenital, of the diaphragm, 393; femoral, A new operation for the cure of, 348; femoral, A safeguard in inguinal route operations for, 530; Combined inguinofemoral, due to suppurative destruction of Poupart's ligament, sartorius muscle in repair, 182
Hodgen splint, Brown's improved, cor. 99
Hour-glass stomach, Roentgenologic aspects of, 426
Humerus, A study of fractures of lower extremity of, 58

ILEUM, Artificial vagina utilizing a single portion of, 227
Induction of labor at term, a supplemental report, 163, tr. 234
Infants, An operation for the relief of pyloric obstruction in, 223
Infections, The practical value of electric light in the treatment of, 328, tr. 350; of the ovary, Hæmatogenous, 622
Infective nephritis, Acute, 611
Inflammatory neoplasms of the intestine simulating malignancy, 420
Inguinal route operations, A safeguard in, for femoral hernia, 530
Inguinofemoral hernia, Combined, due to suppurative destruction of Poupart's ligament, with use of the sartorius muscle in repair, 182
Injuries, Old, of the cervical spine, 241; of the Kidney, The management of subparietal, 277; of peripheral nerves, Mechanical treatment of, 510; of peripheral nerves, Surgical considerations of, 362
Inserts, Mixed tumors salivary glands, Fraser, opposite, 37
Internal fixation, Temporary, of compound fractures, 440
Intestine, The utility of end-to-end anastomosis between small and large, 249
Intrathoracic goiter, 397
Intra-uterine, Coincident, and ruptured tubal pregnancy, tr. 232

JAW, Ankylosis of the, 451
Joints, Surgery of the soft parts, bones, and, at a Front Hospital, 289

KIDNEY, The surgery of double, report of a case of resection of upper segment for calculous pyonephrosis, 1; The management of subparietal injuries of the, 277; Congenital polycystic, with a report of four cases occurring in children of the same mother, 423; Recurrence of stone in the, 270
Krukenberg tumor, A study of the, 195

LABOR at term, The induction of, a supplemental report, 163, tr. 234
Light, The practical value of electric, in the treatment of infections, 328, tr. 350
Lipomata, in sarcomatous transformation, 218
Local anæsthesia, Cæsarean section, 95; Reporting of accidents from, cor. 230
Localization, A practical method of foreign body, 413; The trocar-harpoon method of foreign body, with a new holder, 624; of ureteral stone, A new procedure for the, 472
Lower, end of the radius, Fractures of the, 586; extremity, A study of fractures of the, of the humerus, 58
Lymphatic tissue, Surgical methods in the treatment of malign affections of superficial, 156

MALIGN affections of superficial lymphatic tissue, Surgical methods in the treatment of, 156
Mechanical treatment of peripheral nerve injuries, 510
Medical profession, The, and the Great War, 281
Medicine and Sanitation, Report of the committee on, Advisory Commission, Council of National Defense, 107

Membranous cystitis, tr. 104
Menstruation, Vicarious, tr. 233
Mesenteric vascular occlusion, 66
Mesentery, Fibrosarcoma of the, 154
Mixed tumors of the salivary glands, A study of, based on the experimental production of neoplasm in the submaxillary gland of the dog, 19
Murphy drip apparatus, An improved, 229

NASAL refracture, 609
Neoplasms, Inflammatory, of the intestine simulating malignancy, 420
Nephrectomy, Glomerular nephritis with severe hæmorrhage from one kidney, necessitating, tr. 105
Nephritis, Acute infective, 611; Glomerular, with severe hæmorrhage from one kidney necessitating nephrectomy, tr. 105
Nerve, injuries, Surgical considerations of peripheral, 362; The repair of large gaps in peripheral, by neuroplasty, 353; injuries, Mechanical treatment of, 510; transplantation, Autoplastic, in the repair of gunshot injuries, 530
Neuroplasty, The repair of large gaps in peripheral nerves by, 353
Novocaine, Procaine and, identical, cor. 231

OBSTRUCTION, An operation for the relief of pyloric, in infants, 223
Œdema, Pulmonary, during pregnancy, two unusual cases, 438
Œsophageal diverticula, 135
Operation, Essential points in the method of hernia, 85; A new, for prolapse of the uterus, 326, tr. 351
Osteomyelitis, of the carpus, A remarkable result in, 605; of femur, disarticulation of pelvic girdle, tr. 100
Ovary, Hæmatogenous infections of the ovary, 622

PALEOPATHOLOGY, Studies in, pathological evidences of disease among ancient races of man and extinct animals, 498
Pancreas, Cysts and pseudocysts of the, 40
Pancreatitis, The treatment of certain forms of subacute, 286
Paraffin, Formaldehyde-phenol in camphor, a new wound antiseptic, 81
Paralysis, spastic, Experience with Foerster's operation for gastric crises, and, 129; of the lower extremity due to compression of the brachial plexus by scar tissue, 629
Paravertebral anæsthesia, Two-stage operation for carcinoma of the pregnanty uterus under, 75
Perforation, Late, of a typhoid ulcer, laparotomy under novocaine anæsthesia, recovery, 447
Peripheral nerves, injuries, Surgical considerations of, 362; Mechanical treatment of, 510
Phrenic abscess, Subdiaphragmatic or, 468, tr. 540
Placental tissue as a galactogogue, 535
Plate, End-result with a bone, on a fractured femur, 86
Polycystic kidney, Congenital, with a report of four cases occurring in children of the same mother, 423
Portraits, Our Commander-in-Chief, opposite 107; Executive Committee of General Medical Board, opposite, 109; Council of National Defense, Advisory Commission, opposite, 108
Posterior spinal root, surgery of the, with summaries of results in 244 operations, 55
Pregnancy, Coincident carcinoma of the cervix and, tr. 232; Pulmonary œdema during, two unusual cases, 438; Extremely young ectopic, 544; Extra-uterine, following resection of the tube and insertion of catgut to keep it open, 563; extra-uterine, Notes on a case of, resulting after resection of the tube and insertion of catgut to keep it open, 566; ruptured tubal, Coincident intra-uterine and, tr. 232
Pregnant, uterus, Two-stage operation for carcinoma of the, under paravertebral anæsthesia, 75
Present status, The, of the surgery of the bile-tract, 49, tr. 100
Procaine and novocaine identical, cor. 231
Profession, The medical and the Great war, 281
Prolapse of the uterus, A new operation for, 326, tr. 351
Pseudocysts, Cysts and, of the pancreas, with report of cases, 40
Puerperal anæmia, Clinical study of, 596
Pulmonary œdema during pregnancy, two unusual cases, 438
Pyloric obstruction in infants, An operation for the relief of, 223
Pyonephrosis, calculous, The surgery of the double kidney, report of cases of resection of upper segment for, 1

RADIUM, Two hundred ten fibroid tumors treated by, 402
Radius, Fractures of the lower end of the, 586
Ranula, Congenital, of the tongue developed in the left Blandin-Nuhn gland, 45
Reconstruction, of the hand, Problems of the, 317; and repair of the hepatic and common bile-ducts, implantation of hepatic duct into the duodenum, 387; surgery, Bone-graft and arthrodesis in, 331; The problem of the, and re-education of the disabled soldier, 169
Reconstructive surgery, Improvements in, of the head, 369
Rectum, Cancer of the, 410
Recurrence of stone in the kidney, 270
Re-education, The problem of the reconstruction and, of the disabled soldier, 169
Refracture, Nasal, 609
Remedies, The action of female, on intact uteri of animals, 97
Repair, The, of large gaps in peripheral nerves by neuroplasty, 353
Report of the committee on Medicine and Sanitation, Advisory Commission, Council of National Defense, 107
Retractor, A self-retaining, for use with Albee bone outfit, 626
Roentgenologic aspects of hour-glass stomach, 426
Roots, Spinal, Surgery of the posterior, with summaries of results in 244 operations, 55

SALIVARY glands, Mixed tumors of the, a study based on the experimental production of neoplasms in the submaxillary gland of the dog, 19
Sanitation, Report of the committee on Medicine and, Advisory Commission, Council of National Defense, 107
Sarcoma, Globocellular, of the right testicle, orchidectomy under local anæsthesia (Allen's method), 47
Sarcomatous transformation, Lipomtata in, 218
Sartorius muscle in repair, Combined inguinofemoral hernia due to suppurative destruction of Poupart's ligament, with the use of the, 182
Self-retaining retractor, for use with Albee bone outfit, 626
Septicæmia of long duration, Transfusion of blood in, 221
Shell fragment, Curious case of gastric ulcer caused by, 220
Soft parts, bones and joints, Surgery of the, at a front hospital, 289
Spinal roots, Surgery of the posterior, with summaries of results in 244 operations, 55
Spine, Old injuries of the cervical, 241

Spleen, Dislocation of the, report of a case of, into the pelvis and its firm fixation on to the uterus, 73
Standardization, Need and value of biopathological, 523
Stomach, Roentgenologic aspects of hour-glass, 426
Stone, in the kidney, Recurrence of, 270; ureteral, A new procedure for the localization of, 472; Ureteral, A consideration of, their removal by aid of the operating cystoscope, report of cases, 538
Subdiaphragmatic or phrenic abscess, 468, tr. 540
Submaxillary, gland of the dog, Mixed tumors of the salivary glands, a study based on the experimental production of neoplasms in the, 19
Subparietal injuries of the kidney, The management of, 277
Supernumerary and single ureters opening extravesically, 13
Surgery, Improvements in reconstructive, of the head, 369; war, The application of the teachings of, to civil hospital conditions, 377
Surgical methods in the treatment of malign affections of superficial lymphatic tissue, 156
Suture of blood-vessel injuries from projectiles of war, 528

TABLE, An army cystoscopic, 447
Tension, A new method for the relief of lateral, in cleft-palate operations, 532
Testicle, Globocellular sarcoma of the right, orchidectomy under local anæsthesia (Allen's method), 47
Thyroid, Aberrant, tumor of the tongue, 191
Tongue, Congenital ranula of the, developed in the left Blandin-Nuhn gland, 45; Aberrant thyroid tumor of the, 191
Transfusion, Blood, simplified by the use of citrate ointment, the biologic test for blood incompatibility, 88; of blood in septicæmia of long duration, 221, apparatus, A new, 628
Transplantation, of bone, in the repair of cranial defects, 311; Autoplastic nerve, in gunshot injuries, 530
Treatment, The, of certain forms of subacute pancreatitis, 286
Trocar-harpoon, The, method of foreign-body localization, with a new holder, 624
Tubal pregnancy, Coincident intra-uterine and ruptured, tr. 232
Tumor, A study of the Krukenberg, 195
Typhoid ulcer, Late perforation of a, laparotomy under novocaine anæsthesia, recovery, 447

ULCER, gastric, Curious case of, caused by shell fragment, 220; typhoid, Late perforation of a, laparotomy under novocaine anæsthesia, recovery, 447
Ulcus ventriculi, Indications for surgical interference in, and underlying factors influencing results of the operation, 567
Umbilicus, Carcinoma of the, report of two cases, 204
Ureteral, calculus, The etiology of, 252; The diagnosis of, 461, tr. 542; stone, A new procedure for the localization of, 472; A consideration of, their removal by aid of the operating cystoscope, report of cases, 538
Ureterovesical anastomosis, Technique of, 339
Ureters, Supernumerary, single, opening extravesically, 13
Uteri, The action of female remedies on intact, of animals, 97
Uterologist, Analysis of the work of the, 486
Uterus, A new operation for prolapse of the, 326, tr. 351

VAGINA, Artificial, utilizing a single portion of the ileum, 227; Baldwin operation for artificial, cor. 631
Vaginitis, Exfoliative, 151
Vascular, bruit, Unusual propagation of a, 222; occlusion, Mesenteric, 66
Ventriculi, Ulcus, Indications for surgical interference in and underlying factors influencing results of the operation, 567
Vicarious menstruation, tr. 233

WAR, The medical profession and the Great, 281; surgery, The application of the teachings of, to civil hospital conditions, 377; Suture of blood-vessel injuries from projectiles of, a preliminary report, 528
